### ABOUT THE WINEMAKER

The Meyer family has a tradition as vigneron in Blienschwiller that dates back to 1722. In 1976, Hubert Meyer succeed his father as the head of the domaine. His son, Pierre, returned from his studies of viticulture and oenology to take the torch and continue the tradition in 2009. The wines display finesse and elegance. Precision and balance provide the experience of a lifetime and express the tradition of the Meyer family as well as the historic Alsatian village of Blienschwiller.
